## Overview

With each software release, we work to improve the Past Performance Information Retrieval System (PPIRS) and Federal Awardee Performance and Integrity Information System (FAPIIS) user experience and improve the quality of information available from PPIRS and FAPIIS. We do this through a combination of minor enhancements and fixing known issues. This document summarizes the customer-facing changes that were made to the PPIRS/FAPIIS application in version 2.2.26 on March 31, 2015.
